We invite all parents and guardians of students in Year 7 in 2016 to attend the Year 7 Enrolment and iPad Information evening. There will be two sessions held over the second half of the year. The two Information evenings will commence at 6:00 PM, Wednesday 19th August, 2015, and on Wednesday 10th November, 2015, in the Senior Centre Auditorium.

The Enrolment and iPad Information evening will provide parents and guardians with much information about the enrolment process and highlights the new learning environment paradigm for Junior Secondary schooling. This is an essential step in the enrolment process and all parents are required to attend either one of the two evenings. The sessions will also provide opportunity for any questions you might have to be answered.

To register your interest in attending our information evening please go to the following URL.
